Thursday - 21 April 1977

1. [ ] LIAISON Sent to Jean, in the office of Representative Romano Mazzoli (D., Ky.), the Agency publication entitled, "The International Energy Situation: Outlook to 1985," per her request.

2. [ ] LIAISON Sent to the office of Representative Les AuCoin (D., Oreg.), two Agency publications entitled, "Reference Aid: Directory of Officials of the Socialist Federal Republic of Yugoslavia," and "Reference Aid: Yugoslav Socialist Federal Republic Party and Government Structure."

3. [ ] LIAISON Sent to Don Leykam, in the office of Senator John Danforth (R., Mo.), a copy of the Agency publications entitled, "The International Energy Situation: Outlook to 1985" and "A Dollar Cost Comparison of Soviet and U.S. Defense Activities, 1966-1976."

4. [ ] LIAISON John Meagher, Minority Counsel, House Ways and Means Committee, called to ask if CIA has any involvement with -- is, in effect, the covert sponsor of -- the American Council of Young Political Leaders. The Council has invited Meagher to make a trip abroad under its auspices; the State Department is the managing agency. Meagher had not heard of the group before and wondered a bit about its title backing, and called [ ]

[ ] for advice; then he called us. I assured him that CIA was not involved in the group; that from what I knew of it through newspaper stories, its participants over time have been eminent young figures in the Democratic and Republican parties; and that State -- where he is also making inquiries -- would confirm that this is not a CIA endeavor. Meagher was concerned because of the prominence of his position and his obligations to his members, not as a reflection of antagonism toward the Agency, and was reassured. The

5. [ ] LIAISON Dick White, in the office of Representative Dale Milford (D., Texas), called requesting information with respect to a constituent who had applied for Agency employment in the past. The constituent has been told twice that there are no openings in the Agency at this time. White was interested in finding out whether the constituent was in fact qualified if and when an opening was available. He would like to be able to advise the constituent not to pursue his employment application if in fact we do not anticipate being able to hire him even if we were to have an opening. [ ]

6. [ ] LIAISON At [ ] CPS, request, I called Dr. Herman Fransen, of the Library of Congress Congressional Research Service, to inform him that the information he asked for on Soviet minerals was on its way to him by courier, and to call me back if he had not received it by the end of the day. He did not call back. I also asked that he put his requirements to CIA through Office of Legislative Counsel in the future, which he said he would do.

7. [ ] LIAISON I left word for Suzanne Cavanaugh, Government Division, Congressional Research Service, Library of Congress, that the publications on terrorism--"International and Transnational Terrorism: Diagnosis and Prognosis" (PR 76 10030, April 1976) and "Annotation on International and Transnational Terrorism: Diagnosis and Prognosis" (PR 76 10073U, December 1976) would be on their way to her tomorrow.

8. [ ] LIAISON Delivered to Don Lynch, Senate Armed Services Committee staff, an excerpt on Soviet naval forces which Lynch requested that we review for inclusion in their report which will be unclassified. The excerpt draws from Agency testimony in executive session. [ ] OSR/SF/N, conducted the review and did not concur in declassification of the listing of Soviet combatant statistics which must be classified Secret. Lynch accepted the classification and said it would not be included in the report.

[REDACTED]

During my talk with Snodgrass in his office, he mentioned that he thought the Director's letter commenting on the House Appropriations Surveys and Investigations Staff reports was quite shallow and less well written and prepared than previous comments which the Agency has made to the Committee. Snodgrass said it was his personal view, but he thought that while we had differed on a number of matters in the past, he admired the Agency's style in presenting its case and felt that was lacking in the Director's most recent letter. He said we had fulfilled the Subcommittee's requirement in commenting on the Staff's reports, but he inferred that he thought the response was inadequate and that we might want to bolster our comments. He especially was concerned that we did not comment on the Staff's report on Angola, even though much of this report contained comments subsequent to the Subcommittee's consideration of this matter. Snodgrass said the Subcommittee would be marking up the Appropriations bill on the 9th of May. He also said that he would be in touch with me on Friday or Monday (most likely Monday) with some further questions he wished to direct to us as part of their overall consideration of our budget submission. He said he would like to have responses to these questions by the end of next week. The Comptroller's office has been notified.

17. [ ] LIAISON Dropped by the offices of the Senate Select Committee on Intelligence to pick up a statement which Danny Childs, of the Committee staff, said would be included in the Committee's report on the budget. This statement related to the Reserve fund and Childs said he would like to have our comments by close of business Friday. He said he had talked with Helene Boatner, O/COMPT, and I told him I would pass it to her first thing in the morning.

While in the Select Committee offices, Bill Miller, Staff Director, stopped me to tell me that the Committee would like to have John Waller, IG, make his presentation on the Wilson case following the Committee's consideration of the Micronesia statement tomorrow. He said they expected to get to this item at approximately 3:00 p.m. (The Committee will meet in a business session at 2:00 p.m. to consider the draft report to be made public and on which the Agency has registered objection. Mr. Knoche and Mr. Ted Shackley, ADDO, will be available on a standby basis if the Committee wishes to hear from them on this subject.)

Miller also mentioned that they had received an allegation from Newsday magazine that the Agency was involved with an individual by the name of Robert Pinkus in an assassination attempt on the life of Ferdinand Marcos, President of the Philippines. He asked that we look into this and be back in touch with him. (See Memorandum for the Record.)

Miller, Earl Eisenhower, Minority Staff Director, and Stan Taylor, also of the Committee staff, all separately mentioned to me their recommendation that Mr. Knoche's follow-up letter to the Committee on the Micronesia statement be limited to the last sentence of the items in dispute. It is their opinion that if we limit our objection to that last sentence, we will stand a much better chance of having the sentence deleted. If we broaden our objection beyond that one sentence, they feel that the Committee will turn us down completely. This information was passed on to [ ] who was in a meeting with Mr. Knoche and others on this subject.

18. [ ] LIAISON Dropped by to see Lee Verstandig, Legislative Assistant to Senator John Chafee (R., R.I.). Verstandig mentioned to me that Senator Chafee had wished him to be his designee on the Senate Select Committee on Intelligence, at least on a temporary basis until such time as he retained a permanent staff man for this purpose. Verstandig said a request had been made to the FBI for a field investigation back in February but nothing had been heard from it. I told Verstandig that I would be happy to check with Paul Daly, FBI, to expedite this clearance if in fact it had been received. I told Verstandig that he might also want to check with the Committee staff on the status of the clearance request.

19. [ ] LIAISON Stephanie Larsen, in the office of Representative James Weaver (D., Ore.), called and requested three copies of the unclassified version of the National Basic Intelligence Factbook and one copy of the publication "The International Energy Situation: Outlook to 1985." I told Ms. Larsen I would send the material to her.

20. [ ] LIAISON Jeff Strandberg, in the office of Senator Dale Bumpers (D., Ark.), called and requested a publication "Appearances of Soviet Leaders." He said it is listed as a "Research Aid." I told him I would see if I could get a copy and send it to him.

[ ] Congressional Support Office, is sending me a copy for Mr. Strandberg.

21. [ ] LEGISLATION Talked to Beverly, on the House Committee on Post Office and Civil Service, regarding H.R. 10, the Hatch Act repeal bill which had just cleared that Subcommittee for full Committee action. She told me the full Committee was planning to take it up on Wednesday and they would probably give it rather close scrutiny. I passed this information on to Hilda Schreiber, OMB, and she was appreciative. She also asked that we arrive at a policy decision of Hatch Act coverage of intelligence personnel as soon as possible.

22. [ ] LIAISON Received a call from Mark Gitenstein, Senate Select Committee on Intelligence staff, who was forced to cancel his scheduled meeting with [ ] DC/OS, to discuss CIA security programs.

23. [ ] LIAISON In the absence of Ben Marshall, Security Director, I informed Frank Kelly, Senate Select Committee on Intelligence staff, that the first section of the transcript of the 18 April Senate Select Committee on Intelligence briefing should be classified Secret/Sensitive rather than Top Secret/Codeword. Kelly said he would make the change on the Committee's records.

25X1

24. [ ] LIAISON Called Bill Miller, Staff Director, Senate Select Committee on Intelligence, to tell him that I had drafted a letter for Mr. Knoche's signature objecting to the release of the interim report on Micronesia in its present form. I read the letter to Miller and he suggested a few changes which I incorporated.

25X1

25. [ ] LIAISON Called Audrey Hatry, Clerk, Senate Select Committee on Intelligence staff, and she provided me a list of witnesses who had agreed to testify before the Senate Select Committee on Intelligence on the open budget issue. She also said the Committee would need 38 copies of the statement Mr. Bush is submitting for the record.

25X1

27. [ ] LIAISON Anne Karalekas, Senate Select Committee on Intelligence staff, called to state that Admiral Stansfield Turner had not provided any unclassified responses to two of the supplemental questions submitted to him in connection with his confirmation hearings. She said the Committee would like, if at all possible, to publish some responses to every question and she asked me to double check to see if some unclassified answer could be provided. I agreed to do so but said I was quite sure no unclassified answer was provided because none could be and that this was not an inadvertent omission on our part.

1. [ ] BRIEFING Accompanied [ ]  
[ ] all of OER, and [ ] Congressional  
Support Officer/DDI, to a briefing of the Senate Energy and Natural  
Resources Committee. It was an outstanding presentation and important  
that Chairman Henry Jackson (D., Wash.), and Senators J. Bennett  
Johnston (D., La.), John Durkin (D., N.H.), Howard Metzenbaum  
(D., Ohio), James McClure (D., Idaho), and Pete Domenici (D., N. Mex.),  
sat through a two-hour briefing without interruption. (See Memo for  
the Record.)

2. [ ] LIAISON At their request, met with  
Dorothy Fosdick and Richard Perle, both on the staff of the Permanent  
Subcommittee on Investigations, Senate Governmental Affairs Committee,  
and they said Senator Henry Jackson (D., Wash.) wanted them to have  
update briefing on Soviet strategic weapons and a damage assessment  
on the Boyce/Lee case as it may affect SALT via disinformation or  
nullification. I indicated we had a worst case assessment but we were  
hopeful of getting better insight by obtaining more precise information,  
perhaps as part of the legal processing of the case.

Ms. Fosdick said they were very pleased with the FBIS material  
of the Soviet coverage of Senator Jackson's role as fallout from Secretary  
of State Cyrus Vance's trip.

3. [ ] LIAISON Amy Belasco, from the  
General Accounting Office, called subsequent to her return from Africa  
where she and her team had surveyed U. S. military aid programs in  
several countries. She requested two documents that had been discussed  
with them during a visit to Headquarters in March. I will pass this request  
on to the DDI.

25X1

4. [ ] LIAISON Brad Eisenpress, who stated  
that he was on Senator Donald Riegle's (D., Mich.) staff, called and asked  
what President Carter was doing to preclude CIA from engaging in illegal  
activities. I told Mr. Eisenpress that I was unable to speak for the  
President but if Senator Riegle had a question of this nature to please  
pass the request by letter to us.
